PROFESSIONAL SUMMARY

Cognitive Science student specializing in Design and Interaction at UC San Diego, with hands-on experience in UX prototyping, Agentic AI design, and front-end development. Combines a human-centered design foundation with technical skills in Figma and web development to create intuitive, user-focused experiences.

EDUCATION

UC San Diego La Jolla, CA *Bachelor of Science in Cognitive Science, Specialization in Design and Interaction. Expected June 2027*

EXPERIENCE

Barista / Operations April 2026 – Present *Phinology Coffee*

- Collaborated with owner via Github and Claude to build an online inventory system to streamline operations
- Resolved software and technical issues to maintain day to day operational continuity
- Coordinated with team members to maintain service quality and workflow

Front Desk Associate August 2023 – June 2025 *Walnut Creek Nails & Tan Walnut Creek, CA* • Managed client bookings and appointments using Excel spreadsheets

- Provided English-to-Vietnamese translation to support client communication

PROJECTS

Paceful App — Cognitive Science Student Association October 2025 – January 2026 • Led the design process for a student mental health and productivity app aimed at reducing cognitive overload • Prototyped 'Paceful' in Figma, an application that tracks and optimizes student productivity by measuring mental health scores • Collaborated with a cross-functional team to define user needs and deliver a human-centered product concept

Agentic AI Experience Design — IBM SkillsBuild Competition February 2026 – Present • Designed Agentic AI user experiences to optimize engagement for the sports and entertainment industry • Applied human-centered design principles to balance user needs and business requirements within competitive deliverables • Collaborated with team members and coaches to meet weekly milestones and iterate on design solutions

SKILLS

Design & Prototyping: Figma, Figma Make, Adobe After Effects

Development: HTML, CSS, JavaScript, Python

Languages: Vietnamese (fluent), Spanish (beginner)
